

## **ARRIVE 'N' DRIVE UPDATE!**

It's the final race weekend of the year! Race car out of commission? Want to do something FUN on Black Friday and don't have a track car? Rent a Mazda from us!

For New Member Orientation or front-wheel drive experience in Red or Orange street groups, try our new Mazda2! For this weekend only, New Member special – car rental (includes all track support, fuel & suitable tires), New Member Orientation class & 4 on-track sessions, and professional driving coach all for only \$300.00.

For already-members, daily rental is \$225.00. Want to add HotLaps sessions? Add \$100.00/day all-inclusive. (HotLaps not available to New Members – sorry.)

For members wanting to try a real race car, either in a street group or the small-bore race group (depending on experience), we have Rob Ashley's Spec Miata #28 available for rent! This car is a class winner in Spec Miata/PS4 with a brandy-new Huffaker engine, and was a National-winning car in 2006. The car is set up for Cool Suit (driver needs to supply his/her own shirt). Rent is \$750/day. This car is also available for sale – details can be discussed with Ryal at the track.

Rental includes tires (Toyo Proxes RR, 205/50/15's), brakes, fuel and full track support. Car is suitable for existing members driving in any of the street groups, and for the small-production race group with appropriate experience & licensing. Want to add HotLaps? Add \$200.00/day all-inclusive. Because this is a fully set-up race car without a second seat, no in-car coaching is available, but lead-follow can be arranged for those unfamiliar with the track.

The weather this weekend should be good – it's finally getting cool - don't miss this last full weekend event of the year just because your car isn't ready or your Significant Other doesn't want to let you drive his/her track car – come on out!

To discuss daily availability, call Carolyn at (575) 640-7736 or Ryal at (520) 301-1728, or e-mail [gmonster57@aol.com](mailto:gmonster57@aol.com).
